

VENMYN AND MERGES AND AQUISITIONS

By Neil Mc Kenna

At Venmyn, we strive to offer our clients a wide range of technical services and advice. We are a relatively small advisory firm in a niche market and pride ourselves on our ability to work closely with our clients in small teams that are focused on value creation and delivery. It is with great pride, therefore that we find ourselves now ranked among other top investment advisors in Ernst & Young's Mergers and Acquisitions publication for 2008. Venmyn are in fact the only independent technical advisors ranked in the survey.

The ranking was made from all professional advisors recorded in Ernst & Young's Mergers and Acquisitions survey, and drawn from corporate announcements published in the national press in 2008 or other evidence of transactions.

We are very grateful to our clients who entrusted us with the technical work that formed part of the successful transactions, and look forward to our ongoing involvement with our long standing clients as well as new clients seeking credible technical advisors in challenging times.
